

An Employee Owned Company

Coexcell, Inc.

Environmental & Sustainability Policy

As a leader in specialized HDPE industrial packaging products Coexcell, Inc. recognizes that businesses can have a negative impact on the environment. We strive and are committed to find ways to reduce the impact of our work in the office and in the manufacturing plant on the world's environment.

It is the policy of Coexcell, Inc. to:

- **Produce products that are 100% recyclable.**
- **Target zero raw material waste in the manufacturing processes through the use of the internally produced regrind.**
- **Promote efficient use of materials and resources throughout our facility including water, electricity, raw materials, and other resources, particularly those that are not renewable.**
- **Avoid unnecessary travel by making use of electronic communications such as e-mail, video, and audio conferencing.**
- **Comply with all relevant environmental regulations and requirements.**
- **Promote environmental and sustainability awareness among our employees and encourage them to work in an environmentally responsible manner.**
- **Minimize product transportation environmental impact by encouraging the use of full truck/trailer loads and the use of intermodal shipments.**

Coexcell, Inc. is committed to periodically review the effectiveness of this Policy and through continuous improvement create added value for our customers.
